Introduction

'Excellence doesn't just happen' – which is why we have created a detailed Period 6 timetable to support you in the lead up to your exams. Attending these sessions will give you an even better understanding of each subject and how you can prepare for your final exam. It is also an opportunity to work with your subject teachers on the areas that you are unsure of.

The timetable is separated into 2 weeks, the first dedicated to core subjects and the second to options subjects. Period 6 sessions have been designed for you and are an opportunity not to be missed.
